## *We Are Royal Restro*

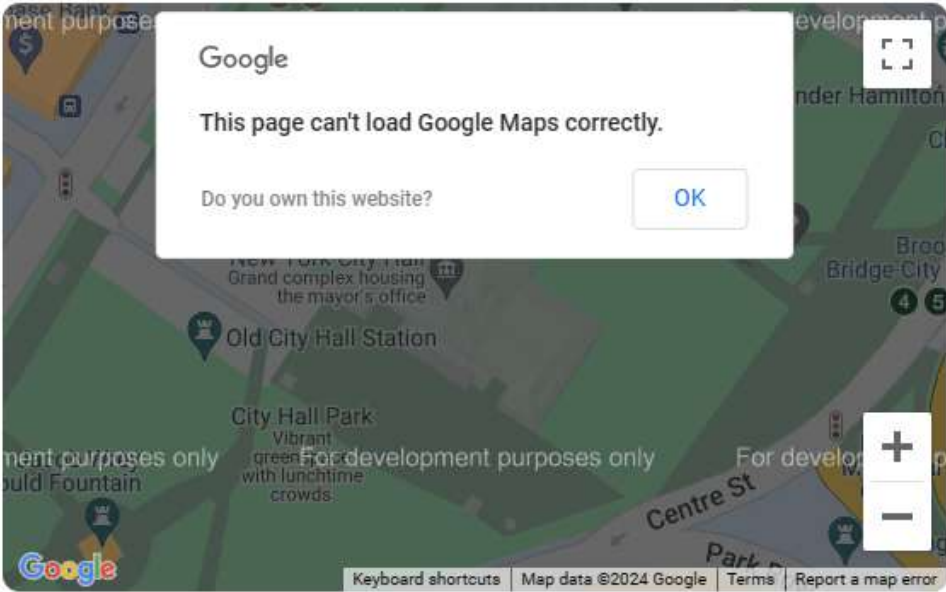

This is a priority motivation of most entrepreneurs that go into business. A well run restaurant, bar and club can be a good vehicle for generating cash flow on an ongoing basis. Provide a service to the community. By providing a business that is accessible to the public you are providing a service to the community in terms of providing goods and services. Express creativity. If you are a chef opening a restaurant is a vehicle to demonstrate your culinary skills to the public and you can experiment with new food and drink formulas. If you are an entertainer owning a club gives you a vehicle for showcasing your talent.

## What Says Our Customers

I have never been in a Captain D's where you really matter. The staff is 5 out of 5. I have been to Captain D's in the past but this one has reached beyond my expectation

**Mike Hamell**

Staff is the best I have ever experienced at ANY fast food establishment. Restaurant is very clean and neat looking. Maybe the food seems to taste better because of these facts.
